

Cars & 'Copters -- Sept. 15

More than a dozen cadets and seniors helped Heli-Ops with an exhibit of helicopters and vintage, high performance, exotic, and sports cars. Our primary responsibility was crowd control around the 'copters. An estimated \$18,000 was raised for the Jimmy Fund. The number of cars ranged from about 3,000 to as many as 6,000. 15 helicopters participated, including the State Police and MedFlight. A golf ball drop ended the event.
